

# CONFERENCE CALL BINGO

Can you hear me now?	Reminder that everyone should be on mute	Sorry I'm late, [insert excuse here].	Comment about being business on top, comfy on bottom	Lag issues
Talking over each other then both stopping, then starting again	Connectivity issues	I didn't catch that, can you repeat?	Complaining about the weather or current events	Sorry, I cut you off!
Someone still sharing screen	Can we take this offline?		Is this mic on?	A request for feedback or comments is met with silence
Sorry, I have to jump on another call!	Background noises from children / pets	Awkward silence	Using a funny background	Can everyone see my screen?
Can you email that to us after?	Unmuted side conversation	Sorry, I was on mute!	Feedback sound or loud echo	Someone walking away without notice

## HOW TO PLAY:

Print out this BINGO card to have on hand.

On your next conference call, place a paperclip over every cliché you hear.

Feel an immense sense of accomplishment when you complete a row!
